

The Texas Master Gardener Program

The Texas Master Gardener Program is a volunteer development program of Texas A&M AgriLife Extension Service. Master Gardener volunteers receive in-depth horticultural training. In return, they provide volunteer service through AgriLife Extension by delivering horticultural education to their communities. Program participants should be able to communicate with the public by telephone, personal contact, as a speaker or through written correspondence. Master Gardener volunteers serve as “horticultural docents” supervised by AgriLife Extension personnel who assign, review and facilitate volunteer work.

Step 1: To gain the title of **Master Gardener Intern**, a Trainee

- receives a minimum of fifty (50) hours of instruction
- passes an examination

The volunteer aspect of the Master Gardener program allows individuals to dedicate their time and talents to educate and enhance their local community utilizing the science and art of horticulture.

Step 2: Master Gardener **Interns**:

- give 50 hours of volunteer service in AgriLife Extension initiated projects in Johnson County within one year of their training date.
- are certified as a Master Gardener when all requirements are met

Step 3: **Re-certification** of a Master Gardener is an annual process that requires:

- 24 volunteer service hours
- 12 hours of continuing education credits

You are welcome to contact me, if you have questions.

Texas Master Gardener – Johnson County – Application –2023

The Master Gardener training program is for twelve (12) months. Upon completion of all requirements, participants are certified as Texas Master Gardeners. Master Gardeners then re-certify annually through volunteer service and continuing education.

- 1. I desire to be a Master Gardener volunteer in Johnson County. I understand that Master Gardeners are trained volunteers - community educators, who share their horticultural knowledge and gardening experience with their fellow citizens. If accepted in the Master Gardener training program, to complete certification:
- I will volunteer a minimum of 50 hours in Extension initiated education programs in 2023-24.
- I will complete the classroom training course, including a final exam.
- I understand to re-certify annually, a minimum of 26 volunteer hours and 12 hours of continuing Education is required in Extension sanctioned programs
- I agree to a background check - Texas A&M AgriLife Extension Service volunteer requirement
